Thielmann **fixx**
Accordion - Service

For equipping an existing or new tuning workstation

with a surface that is suitable for placing reed blocks on top and to avoid lateral air leakage.

For this purpose, the cover is made of robust saddlery leather and likewise the inserts with the different blowholes.

The size is selected so that all instruments can be accommodated from the smallest "Schwyzerörgeli" to the largest concert accordion when tested as a whole. For fixation the instrument is held in place by lateral hold-downs and a clamping bridge.

removed tuning sticks can be guided above the blowhole and along an adjustable stop rail in such a way that the air flow hits only one particular tone chamber.

For the fixation of the guide rail, hold-down devices and accessories, the worktop is equipped with a total of nine threaded inserts. The inserted blowholes are secured against being pulled out by a locking mechanism.

Code

Price **

C1 AKKÖtune DESK

*in combination with AKKÖtune modular system order
without AKKÖtune modular system order**

335 €

460 €

Worktop with swappable Blow Hole Inserts covered with saddlery leather, incl. 4 inserts
incl. 2 side hold-downs and instrument fixation bracket
incl. 2 start grip screws for accessory fixation
incl. Plain reed block guide
incl. Equalization foam mat
Dimensions: W 600 x D 380 x H 30 mm
excl. Air Flange, as A1

With USB Port:

For detection of tones generated inside the blow hole and outside the table two microphones are positioned inside the blow hole and on the included gooseneck. They are connected to a small electronic device that combines and route them to a USB port.

Three pushbuttons at the front allow to select whether the internal, external, or both signals are routed to the USB port

C2 AKKÖtune DESK+

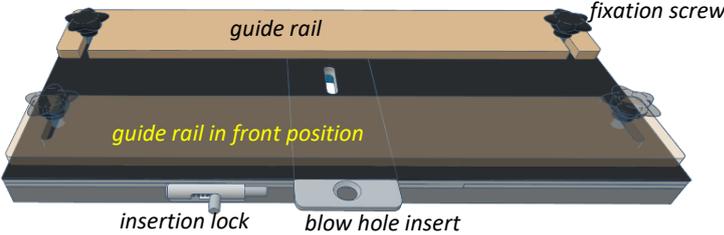

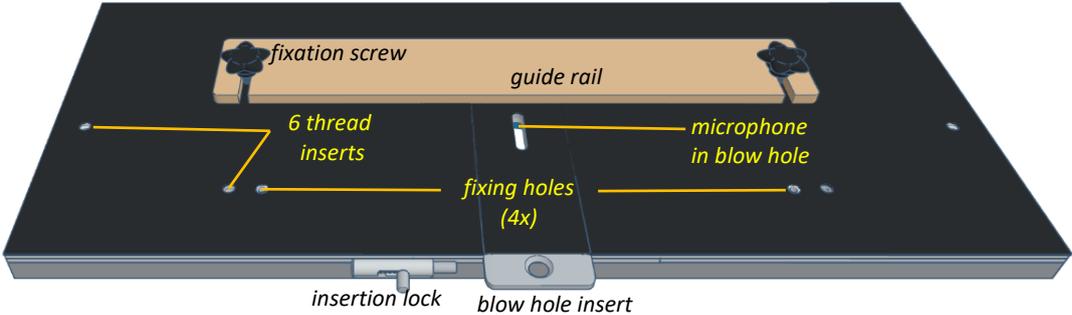

*in combination with AKKÖtune modular system order
without AKKÖtune modular system order**

645 €

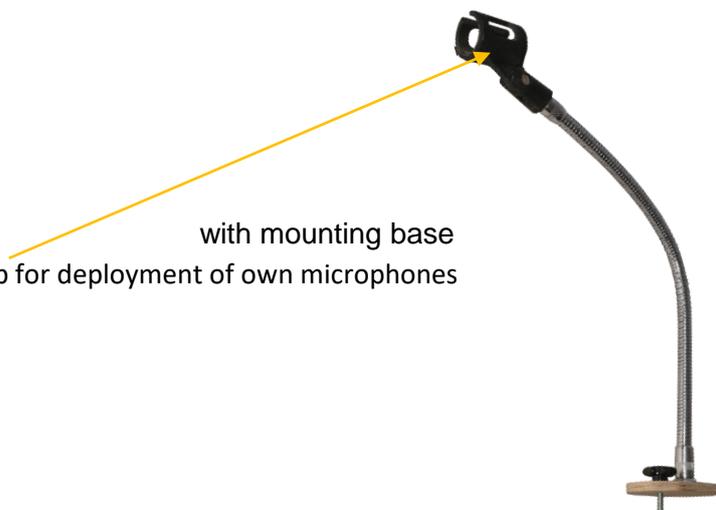

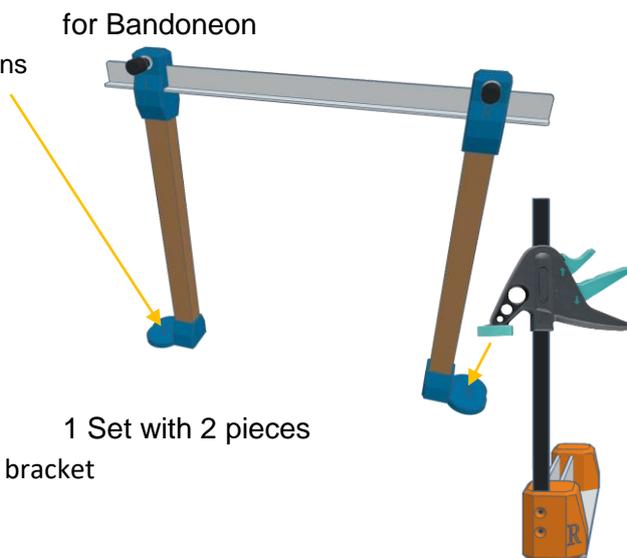

770 €

Worktop with swappable Blow Hole Inserts, **incl. microphones and USB port** covered with saddlery leather, incl. 4 inserts
mit USB Anschluss der separat wählbaren integrierten Mikrofone,
1x in blow hole and 1x gooseneck microphone (incl.)
incl. 2 side hold-downs and instrument fixation bracket
incl. 2 start grip screws for accessory fixation
incl. Plain reed block guide
incl. Equalization foam mat
Dimensions: W 600 x D 380 x H 30 mm
excl. Air Flange, as A1

including under-table-flange*

Multi Reeplate Holder

3 different holders for 6, 5 or 3 reedplates

MRH1619 for 6 reedplates with 15-19 mm width and 27-70 mm length

MRH1923 for 5 reedplates with 19-23 mm width and 27-70 mm length

MRH2325 for 3 reedplates with 23-25 mm width and 27-96 mm length

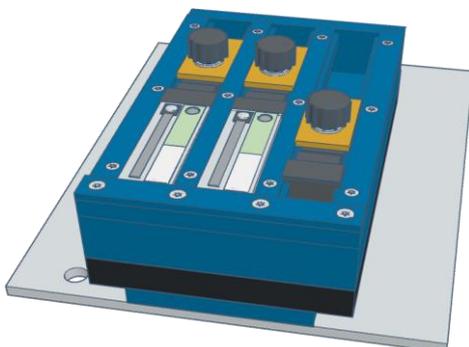

Reedplate guides may be completely closed

2 to 3 reedplates can be blown parallel

Flat guide rails enable reeplate manipulation directly in holder

E1-1	Multi Reeplate Holder	MRH1619B	as a B low hole insert	330 €
E1-1a	Multi Reeplate Holder Holder for reedplates 15-19 mm 2x 15-16 mm, 2x16-17 mm, 1x 17-18 mm, 1x 18-19 mm	MRH1923	not a blow hole insert	310 €
E1-2	Multi Reeplate Holder	MRH1923B	as a B low hole insert	320 €
E1-2a	Multi Reeplate Holder Holder for reedplates 19-23 mm 1x each: 18-19, 19-20 mm and 20-21, 21-22, 22-23 mm	MRH1923	not a blow hole insert	300 €
E1-3	Multi Reeplate Holder	MRH2325B	as a B low hole insert	270 €
E1-3a	Multi Reeplate Holder Holder for reedplates 23-25 mm 1x each: 22-23, 23-24, 24-25 mm	MRH2325	not a blow hole insert	250 €
E2	3 way reedplate holder for 15-17 mm width	3RHB	as a B low hole insert	260 €
		3RH	not a blow hole insert	240 €

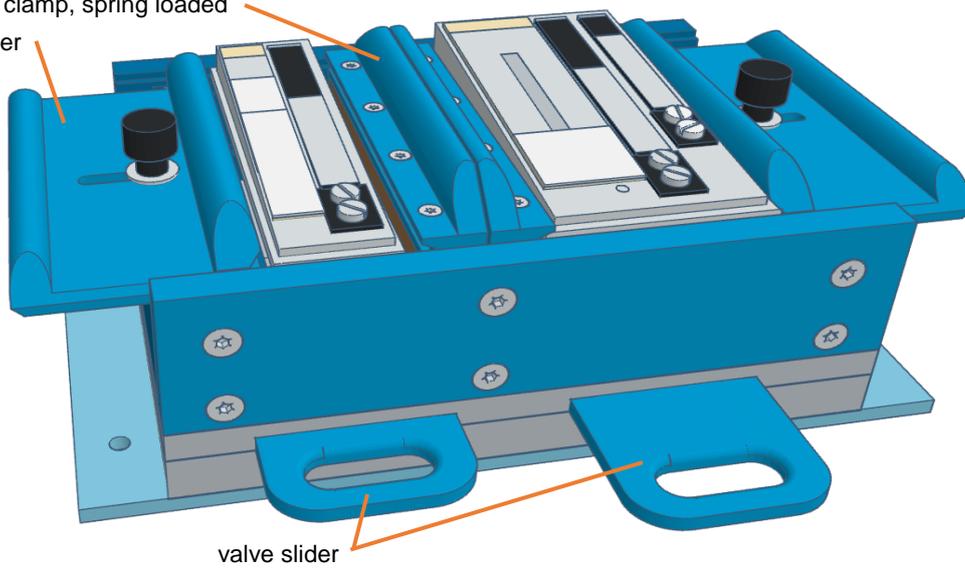

for 3 reedplates of 15-17 mm width

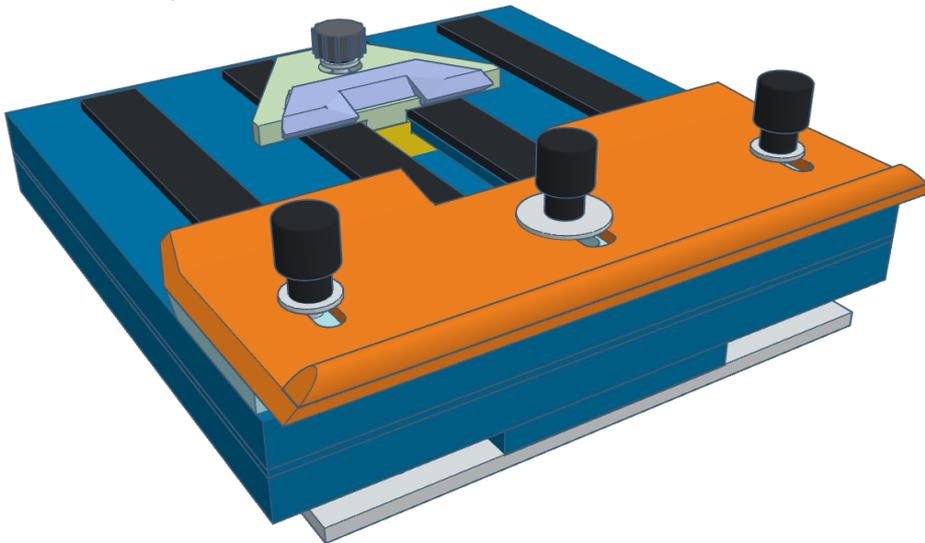

flat guide rails allow tuning directly in the holder.
reedplate guides may be completely closed2-3 reedplates may be blown parallel for
tremolo tuning

Code			Price **
E3	Helicon reedplate holder	HRHB as a Blow hole insert	480 €
E3a		3RH not a blow hole insert	435 €
	adjustable Holder for reed plates of 20-30/42-55 mm width and 97-98 mm length Flat guide rails allow tuning directly in the holder.		

Reedplate clamp, spring loaded
Clamp slider

E4	Bandoneon reed plate holder		399 €
	with foam cushions as air seal besides the blown reed adjustable for different plate widths		

E5	Bajan reed plate holder	blow hole insert	449 €
	with foam cushions as air seal besides the blown reed adjustable for different plate widths		

E6	Harmonica reed plate holder	blow hole insert	399 €
	with foam cushions as air seal besides the blown reed adjustable for different plate widths		

X7

AKKOmbar**Air Pressure Gauge**

299 €

Desktop meter and display for air pressure in the tuning table (vacuum/excess)
Connectors for air pressure hose and power supply on the back.
Large backlit LC-display with 14mm high characters.
With turning knob for Zero adjustment.

Including:

Air pressure hose, 1m
Hose nipple for connection to the tuning table/bellows
12 DC power plug, 1A
User guide for installation and operation.

Measuring range in Millibar: -20 to +20 mbar (1 mbar = 100 Pascal)
Dimensions: W 85 x D 145 x H 73 mm
