AKKOfixx Thielmann Accordion - Service

For equipping an existing or new tuning workstation
with a surface that is suitable for placing reed blocks
on top and to avoid lateral air leakage.

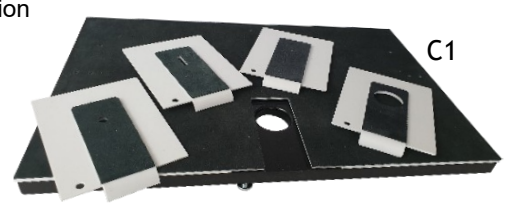
For this purpose, the cover is made of robust saddlery leather and
likewise the inserts with the different blowholes.
The size is selected so that all instruments can be accommodated from
the smallest "Schwyzerörgeli" to the largest concert accordion.
when tested as a whole. For fixation the instrument is held in place
by lateral hold-downs and a clamping bridge.

removed tuning sticks can be guided above the blowhole and
along an adjustable stop rail in such a way that the air flow
hits only one particular tone chamber.

For the fixation of the guide rail, hold-down devices and accessories,
the worktop is equipped with a total of nine threaded inserts.
The inserted blowholes are secured against being pulled out

Code	*by a locking mechanism.*		**Price ****
C1	**AKKOtune DESK**	***in combination with AKKOtune modular system order***	335 €
		*without AKKOtune modular system order**	460 €

Worktop with swappable Blow Hole Inserts
covered with saddlery leather, incl. 4 inserts
incl. 2 side hold-downs and instrument fixation bracket
incl. 2 start grip screws for accessory fixation
incl. Plain reed block guide
incl. Equalization foam mat
Dimensions: W 600 x D 380 x H 30 mm
excl. Air Flange, as A1

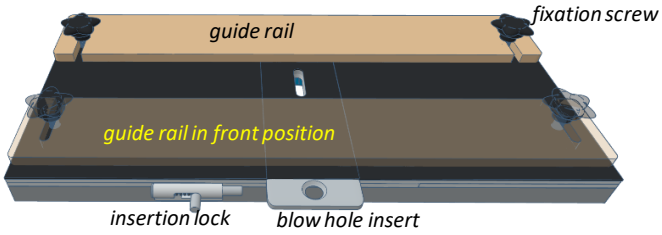


With USB Port:
For detection of tones generated inside the blow hole and outside the table two microphones are positioned inside the blow hole and on the included gooseneck. They are connected to a small electronic device that combines and route them to a USB port.
Three pushbuttons at the front allow to select whether the internal, external, or both signals are routed to the USB port

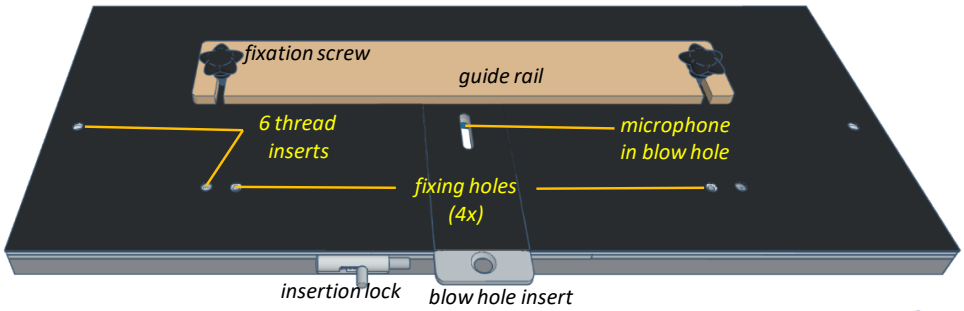
C2	**AKKOtune DESK+**	***in combination with AKKOtune modular system order***	645 €
		*without AKKOtune modular system order**	770 €

Worktop with swappable Blow Hole Inserts, **incl. microphones and USB port**
covered with saddlery leather, incl. 4 inserts
mit USB Anschluss der separat wählbaren integrierten Mikrofone,
1x in blow hole and 1x gooseneck microphone (incl.)
incl. 2 side hold-downs and instrument fixation bracket
incl. 2 start grip screws for accessory fixation
incl. Plain reed block guide
incl. Equalization foam mat
Dimensions: W 600 x D 380 x H 30 mm
excl. Air Flange, as A1 including under-table-flange*

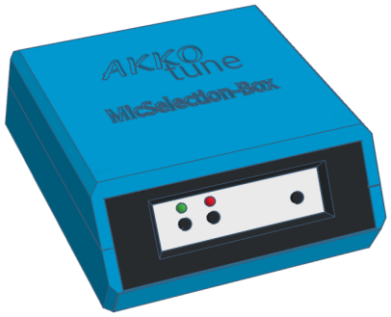
Code		**Price ****
C4	**AKKOtune miniDESK** Worktop with swappable blow hole inserts for replacing/upgrading a work plate **on a bellows** covered with leather, incl. 5 different blow hole inserts including a plain guide rail and two fixation screws **Dim.: W 400 x D 200 x H 25 mm**	195 €
C4a	**AKKOtune miniDESK+** **Microphone** like C4, but with microphone integrated in the blow hole With cable and connector for connection to an external MicSelection Box	270 €



C5	**AKKOtune miniDESK-L** Worktop with swappable blow hole inserts for replacing/upgrading a work plate **on a bellows** covered with leather, incl. 5 different blow hole inserts including a plain guide rail and two fixation screws **Dim.: W 600 x D 240 x H 25 mm**	230 €
C5a	**AKKOtune miniDESK-L+** **Microphone** like C5, but with microphone integrated in the blow hole With cable and connector for connection to an external MicSelection Box	305 €



C7	**AKKOtune MicSelection Box external** separate unit for connectiong up 2 AKKOtune microphones with USB port for the connected selectable microphones in a small desktop enclosure with front panel, selct buttons and LEDs	190 €



M1	**AKKOtune built-in microphone for use in blowhole** with connection cable and plug for ext. MicSelection Box	55 €

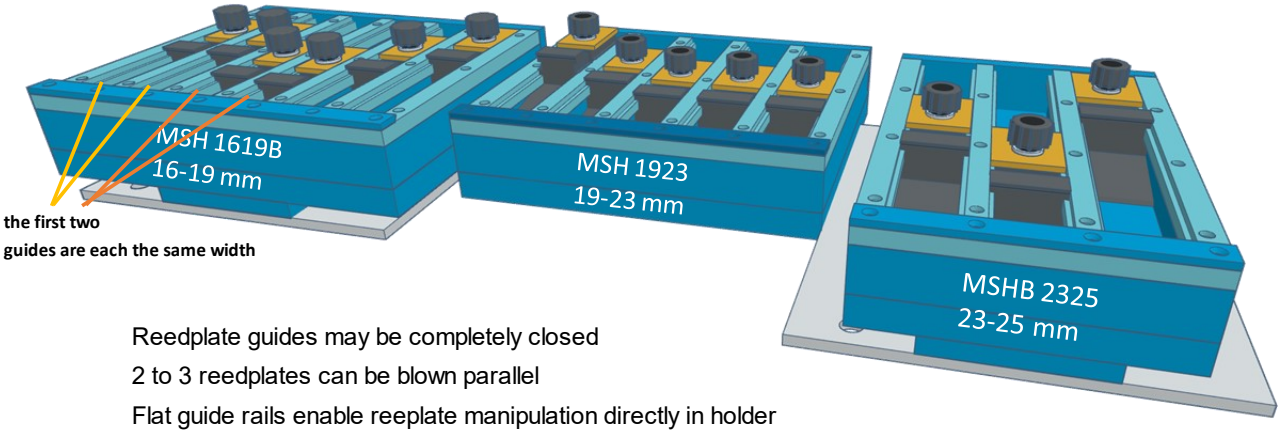
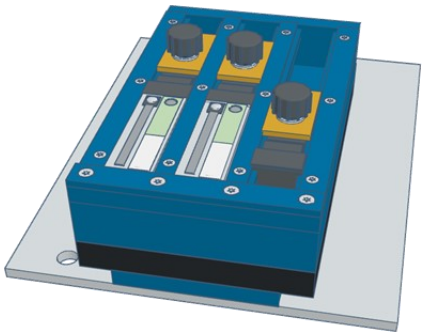
Code				**Price ****
	Multi Reeplate Holder	3 different holders for 6, 5 or 3 reedplates		
	MRH1619 for 6 reedplates with 15-19 mm width and 27-70 mm length			
	MRH1923 for 5 reedplates with 19-23 mm width and 27-70 mm length			
	MRH2325 for 3 reedplates with 23-25 mm width and 27-96 mm length			



Reedplate guides may be completely closed
2 to 3 reedplates can be blown parallel
Flat guide rails enable reeplate manipulation directly in holder

E1-1	**Multi Reeplate Holder**	MRH1619**B** as a **B**low hole insert	330 €
E1-1a	**Multi Reeplate Holder**	MRH1923 **not a** blow hole insert	310 €
	Holder for reedplates 15-19 mm		
	2x 15-16 mm, 2x16-17 mm,		
	1x 17-18 mm, 1x 18-19 mm		
E1-2	**Multi Reeplate Holder**	MRH1923**B** as a **B**low hole insert	320 €
E1-2a	**Multi Reeplate Holder**	MRH1923 **not a** blow hole insert	300 €
	Holder for reedplates 19-23 mm		
	1x each: 18-19, 19-20 mm		
	and 20-21, 21-22, 22-23 mm		
E1-3	**Multi Reeplate Holder**	MRH2325**B** as a **B**low hole insert	270 €
E1-3a	**Multi Reeplate Holder**	MRH2325 **not a** blow hole insert	250 €
	Holder for reedplates 23-25 mm		
	1x each: 22-23, 23-24, 24-25 mm		
E2	**3 way reedplate holder**	3RH**B** as a **B**low hole insert	260 €
	for 15-17 mm width	3RH ***not a*** blow hole insert	240 €



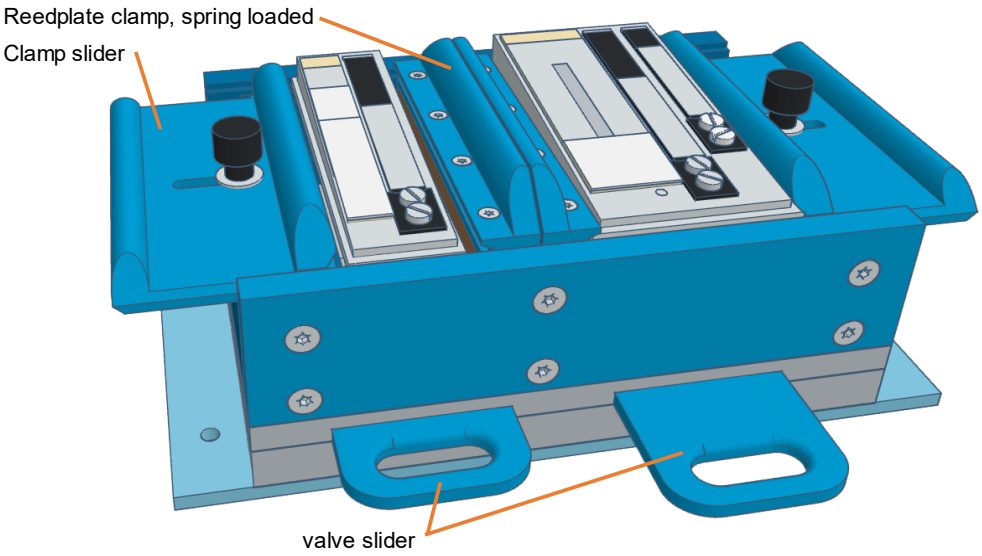
for 3 reedplates of 15-17 mm width

flat guide rails allow tuning directly in the holder.
reedplate guides may be completely closed

2-3 reedplates may be blown parallel for
tremolo tuning

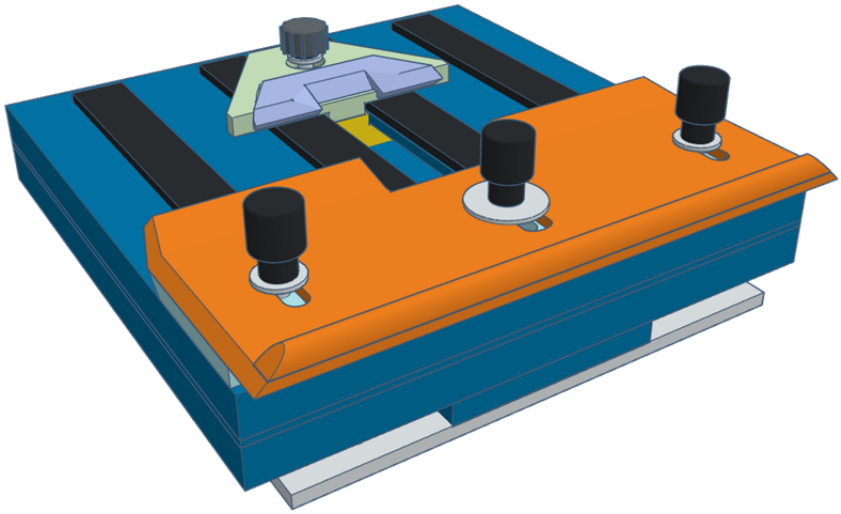
Code				**Price ****
E3	**Helicon reedplate holder**	HRH**B**	as a **B**low hole insert	480 €
E3a		3RH	***not a*** blow hole insert	435 €

adjustable Holder for reed plates of 20-30/42-55 mm width and 97-98 mm length
Flat guide rails allow tuning directly in the holder.



E4 **Bandoneon reed plate holder** 399 €

with foam cushions as air seal besides the blown reed
adjustable for different plate widths



E5 **Bajan reed plate holder** blow hole insert 449 €

with foam cushions as air seal besides the blown reed
adjustable for different plate widths

E6 **Harmonica reed plate holder** blow hole insert 399 €

with foam cushions as air seal besides the blown reed
adjustable for different plate widths

Code			**Price ****
E7-1	**Flexi-BlowHole Insert**	for tuning harmonica reed blocks (Styrian)	330 €

with two sealed blow hole slides

1x with combined hole patterns	for base tone plus beat tone/tones
1x single holes	for base tone, upper or lower beat tone
